

PARTY WITH PURPOSE. FEAST FOR A CAUSE.

2025 SPONSORSHIP OPPORTUNITIES

WHAT IS ASIAN EATS ATX?

Greater Austin's best Asian chefs, restaurants, and food trucks host hundreds of friends & foodies for an evening-long, Asian-inspired "distributed dining" experience — all to support a great local cause. After dinner, we all gather and party!

WHY BE A SPONSOR?

Be iconic! Showcase your brand & community support.

Be unique! Entertain clients, friends, and guests in a totally unique, unforgettable, and spectacular event.

Be amazing! Support a Central Texas charity.

HOW DOES IT WORK?

On Saturday, April 19th, 2025, we party with a purpose and feast for charity! Friends from around the city join a table of 8-10 at one of the many participating restaurants across Greater Austin. Restaurant options range from more affordable mom'n'pop locations all the way to fine-dining restaurants and multi-course omakases (or even a private chef experience hosted in the comfort of someone's home).

After the dinners wrap up we all come together at one beautiful location for Asian Eats After Dark - THE afterparty of the year!

Through this unique dining experience, our restaurants, partners and patrons generously give their time, talent, art, and support to promote recognition and raise financial resources for the GAACC Foundation. The GAACC Foundation (GAACCF), formed in 2024, is a 501(c)(3) nonprofit organization affiliated with the Greater Austin Asian Chamber of Commerce.

The GAACC Foundation embodies a mission to raise, manage, and distribute funds to create and amplify opportunities for growth and resiliency in AAPI young professionals, entrepreneurs, small businesses and communities in Central Texas. The Foundation is aligned with the Greater Austin Asian Chamber's focus on business, and drives or supports initiatives with a special focus on promoting Asian art, cuisine, and culture as important facilitators of community and commerce. Our initiatives include programming to bolster small businesses and programs that provide or enhance educational opportunities for youth and young professionals.
